

Gulf of Mexico
Integrated Ecosystem
Assessment

Management and Outreach
Subcommittee

Goals and Milestones for M&O Subcommittee

1. Develop a harvest control rule MSE for the GOM
2. Develop an MSE for spatial management for various areas (Pulley Ridge, Flower Garden Banks) in the GOM
3. Develop a MSE that meets Mexico's LME objectives (focusing on watershed, e.g. Vera Cruz watershed)

Research Projects to Achieve Goals

- Lit Search to look at who has been involved, what has been decided, what has already been done.

End of Year 1

- Develop larger strategic outreach plan for the IEA.
- Develop strategy to develop education plan to support future work
 - Work with SeaGrant to develop ecosystem fellowships.
