

**2018 GOMA All Hands
Tools Café Participants**

Booth #	Title of Tool	Presenter(s)	Organization
T1	Florida Coastal Access Guide	Joseph Bauer	Florida Coastal Office, Florida Department of Environmental Protection
T2	Northern Gulf of Mexico Ecological Effects of Sea Level Rise Data Visualization Tool	Christine Buckel Virginia Crothers Renee Collini	NOAA/National Center for Coastal Ocean Science / Northern Gulf of Mexico Sentinel Site Cooperative
T3	Citizen Science- Documenting Elevated Water Levels	Christine Buckel Virginia Crothers Renee Collini	NOAA/National Center for Coastal Ocean Science / Northern Gulf of Mexico Sentinel Site Cooperative
T4	Sea Level Rise Scenarios Two Pager	Casey Fulford	Northern Gulf of Mexico Sentinel Site Cooperative
T5	GulfTREE (Tools for Resilience Exploration Engine)	Mikaela Heming	Northern Gulf of Mexico Sentinel Site Cooperative/ Dauphin Island Sea Lab
T6	Innovation Through Citizen Science and Outreach: BCRS, CSIC, HABscope	Tracy Fanara Vince Lovko Devin Burris	Mote Marine Lab
T7	Using Webinar Software and Facebook Live to Increase Engagement and Reach of Educational Programs and Scientific Conferences	Becca Burton	Florida Sea Grant
T8	A Toolkit for Natural Resource and Coastal Resiliency Assessment & Planning	Patrick Crist	NatureServe
T9	USGS Coastal Change Hazards Portal	Kara Doran	U.S. Geological Survey/ St. Petersburg Coastal & Marine Science Center
T10	Louisiana Coastal Protection and Restoration Authority's Master Plan Data Viewer	Andrea Galinski Ashley Cobb	Louisiana Coastal Protection and Restoration Authority
T11	Distribution of Ecosystem Integrity Indicator Monitoring Efforts on the Coastal Resilience Mapping Portal	Kathy Goodin	NatureServe
T12	LandScope Gulf Coast: A Collaboration between The Strategic Conservation Assessment of Gulf Coast Landscapes and NatureServe	Jennifer Roberts Kathy Goodin	Strategic Conservation Assessment Team/ Mississippi State University/ NatureServe
T13	DIVER (Data Integration, Visualization, Exploration, and Reporting) Tool	Marti Goss	NOAA Office of Habitat Conservation NOAA Restoration Center
T14	Coastal Flood Exposure Mapper	Heidi Stiller Becky Allee	NOAA Office for Coastal Management
T15	ENOW Explorer	Kristin Ransom Marian Hanisko	NOAA Office for Coastal Management
T16	Citizen Science Database	Kira Krall Sarah Pecoraro	Nature's Academy
T17	A Beginners Guide to Merging Science Communication and Phone Apps	Philip Lee	National Academy of Science Gulf Research Program Policy Fellow EPA Gulf of Mexico Program
T18	How's My Waterway	Amy Newbold	EPA Gulf of Mexico Program
T19	NOAA National Centers for Environmental Information (NCEI) Web Map Gallery	Kate Rose Angela Sallis	NOAA National Centers for Environmental Information (NCEI)

Make sure you see both sides! -->

T20	Gulf of Mexico Research Initiative Information & Data Cooperative (GRIIDC) Data Management System	Rosalie Rossi James Gibeaut Sandra Ellis William Nichols	Texas A&M University-Corpus Christi Harte Research Institute for Gulf of Mexico Studies
T21	MyCoast: Using Citizen Scientist to Collect Data on Storm Damage, Tides, and More	Wes Shaw	Blue Urchin, LLC
T22	Reaching Beyond the Science to Positively Impact Society	Chris Verlinde Steve Ashby	Florida Sea Grant Northern Gulf Institute
T23	Monitoring Community of Practice: Council Monitoring and Assessment Program (CMAP)	Randy Clark	RESTORE Council NOAA National Centers for Coastal Ocean Science (NCCOS)
T24	Barriers to and opportunities for landward migration of tidal saline wetlands under sea-level rise urbanization	Nicholas Enwright Michael Osland Kereen Griffith	U.S. Geological Survey, Wetlands and Aquatic Research Center Griffith Consulting
T25	Tools BINGO-pick up your cards for playing here	GOMA Staff	GOMA

*Note: Presentation of a tool in the Tools Café does not imply GOMA endorsement.
